

COMPANIES HOUSE | IMPORTANT NOTICE

18th February 2026

Companies House Gibraltar Announces Launch of Online Incorporation Service.

Companies House Gibraltar ("CHG") is pleased to announce the launch of a new service that allows for the online submission of applications to register companies in Gibraltar. This is being made available to all entities licensed by the Gibraltar Financial Services Commission to provide company management and formation services, and builds on the existing panoply of online services already offered by CHG.

Existing CHG web-account holders that meet the criteria may apply for access by completing the necessary form, which can be obtained from CHG's website and is listed under the Registry's service request forms. Once approved, users will be able to apply to reserve the names of prospective companies directly through the CHG online name-search facility. Approved names will be reserved for 14 days and will appear in a new "My Reserved Names" section within the "My Account" menu.

This new service enables users to select the reserved name of a prospective company and submit the necessary application to register together with all other requisite documents via CHG's online portal. This will be done using the new "Application to Register a Company" upload module, where all required documents must be submitted as a single OCR'd PDF file. Clients are responsible for ensuring that the file being uploaded meets the requirements and contains all necessary documentation.
